

STATEMENT OF CYNTHIA KISSER

Some people may have interpreted statements attributed to me, or statements which appear to have been associated with me, to mean that I asserted as a fact or that I held the opinion that Landmark Education Corporation or the Landmark Forum was a cult. In an effort to correct any misimpression, I wish to make it clear and unequivocal that I have never said, nor have I ever instructed or requested anyone else to say, that Landmark Education Corporation, the Landmark Forum, or any other Landmark program was or is a destructive cult or a cult. In fact, I do not hold and have never held any opinion that Landmark is or is not a cult. If anyone ever thought or stated that I held an opinion or said otherwise, such thoughts or statements were inaccurate.
